

**Ted D. Bear's  
Tips for Kids**

# How To Be Street Smart

Follow these tips to stay safe when you're by yourself or with other children away from home:

**Make Sure  
Someone Knows  
Where You Are**

Never leave home without letting someone know where you are going.

**Travel with  
Friends**

Walk to the bus stop or playground with a friend or in a group.

**Pick Out  
Safe Spots**

Know places where there is help if you are in trouble, like a friend's house, a school, a police station or a church.

**Be Careful of  
Strangers**

Never go inside or even look inside a stranger's house or car. If a stranger frightens you, yell "STRANGER" or "Help, I don't know you!"

**Let Grown-ups  
Help Strangers**

If you're alone and a stranger approaches you and asks for help, walk away immediately.

These safety tips are courtesy of **Franklin County Children Services** where we advocate for each child's safety, permanency and well-being.
