

### **Information Technologist 3**

Franklin County Children Services (FCCS) in Columbus, Ohio is seeking a Senior Desktop Engineer - SCCM (Information Technologist) with excellent communication and organizational skills to join our Information Technology Department.

This position installs and maintains local and wide area networks throughout the agency. Other duties include analyzing and maximizing network utilization and performance, coordinating information between end-users and IT staff to maintain a full functioning network, documenting network design and recordkeeping of network changes.

The qualified candidate will have completed core undergraduate courses in Computer Science or Information Systems, or equivalent work experience and a minimum of 3 years combined work experience related to information systems in multiple areas of assigned responsibility (e.g. infrastructure, database administration, software development, business process analysis). Must be able to transport items up to 50 lbs.

The ideal candidate will have 3 years of experience in System Center Configuration Manager (SCCM), Microsoft Active Directory, and Microsoft Windows OS; 2 years network experience in WAN/LAN; as well as above average experience in the design, implementation, and maintenance of desktop imaging programs, security patching, scripting, and client-server computing architectures.

The schedule for this position will primarily be Monday – Friday, 40 hours per week; hours may vary based on Agency need and will include an on-call rotation.

This position offers competitive pay, as well as excellent fringe benefits, including health coverage, retirement, vacation, and student loan repayment assistance. Respect for cultural diversity and a demonstrated commitment to cultural sensitivity are expected. Send resume and salary requirements via email to [fccshr@fccs.us](mailto:fccshr@fccs.us). Position posted until filled. EEO/AA
