

Management Analyst 3 – Evaluation

Franklin County Children Services is seeking an evaluation specialist with strong analytical and data analysis skills to serve as a Management Analyst within its Evaluation Department. This individual will work within a team of evaluators to develop data structure and reporting tools, query administrative and survey-generated datasets, identify key findings, and communicate those findings to staff by means of written reports, presentations to large and small groups, and one-on-one meetings. Bachelor's degree in Business or Public Administration, Management Sciences (including Computer Science), or a degree in a field requiring substantive quantitative analysis skills required. Master's degree; background in quantitative analysis, policy, evaluation and research; several years of experience in a related field; computer literacy and the ability to use word processing, spreadsheet, database query tools and graphics software preferred. Successful candidate must demonstrate cultural competency and the ability to work respectfully with people from diverse backgrounds. Competitive salary and excellent fringe benefits. Please send resume and salary requirements to fccshr@fcs.us or mail to Franklin County Children Services, Attn: Human Resources, 855 W. Mound Street, Columbus, OH 43223 by Friday, May 13. AA/EEO.
